

CONNECTING TO IUPUI LIBRARY RESOURCES

To use IUPUI library databases and journal subscriptions, the subscription company needs to know that you're a current IUPUI student, staff, or faculty member.

To avoid logging in EVERY TIME you switch to a library database or e-journal ...

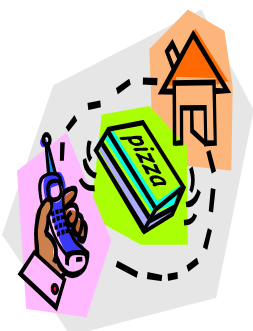

On-campus – If you are logged in to the secure network, then you've already proven your status and can access all library resources.

For On-campus access – “introduce” your laptop to the network

- <http://uits.iu.edu/page/amgz#connect>

Off-campus -- If you have established a “secure” VPN network connection to IUPUI, then you've proven your status and can access all library resources

For Off-campus access –

- (1) install VPN software
 - <http://uits.iu.edu/page/ajrq#connect>
- (2) log in to VPN before each library session
 - vpn.iu.edu
