ABSTRACT

The Office of the Vice Chancellor for Student Life and Diversity, created in 1999, provides services and support to students at IUPUI. Its predecessors were the Office of Student Services, created in 1971, which combined the student services staffs of the Indianapolis campuses of Indiana University and Purdue University. That office was replaced by the Office of the Vice Chancellor for Undergraduate Education in 1988. The office was reorganized into the Division of Student Life

Records include correspondence, reports, publications, and other materials relating to student services and university relations with Indianapolis community organizations.

ACCESS

Personnel and student records and other personal information in these records are restricted. All other material is open to the public without restriction.
