

Department of Occupational Therapy Records, 1927-1976
Preliminary Inventory
UA 056
Qty.: 2.4 c.f. (3 document boxes, 3 flat boxes)

ABSTRACT

Occupational Therapy first had a presence in Indiana University's Long Hospital in 1922. An occupational therapy department for children was formed in the Riley Hospital in 1924 with the arrival of Winifred Conrick Kahmann. Prior to the establishment of a baccalaureate degree program in 1958 the department provided clinical training for occupational therapy graduates from other institutions. Graduate programs in O.T. were established in subsequent years.

Records include correspondence, reports, publications, scrap books, and other materials.

ACCESS

Personnel and student records and other personal information in these records are restricted. All other material is open to the public without restriction. Copyright laws of the United States (Title 17, United States Code) govern the making of photocopies or other reproductions of copyrighted materials.
